

## Abundance Retreat – “Being beyond Technique”

Margit Jones-Hochstrasser

Organisation name: Resolution4Life

Organisation location: Bristol, United Kingdom

Short description: "Discover How to Manifest the Happiness of Your Heart on a Weekend Holiday in the Rolling Hills of Austria!"

Join [Leo Hawkins](#) and discover fascinating insights and methods to Heart Manifestation as part of your everyday life!

### The purpose of the retreat is to show you how to:

- Free yourself from all limiting thoughts and emotions
- Discover your essence, or true identity, which is natural Happiness
- Rest in the deep peace of the Heart, which is abundance consciousness
- Recharge your batteries, so you have more energy for living life to the full
- Relax and unwind from the stress of 21<sup>st</sup> century life
- Open your mind to the power of intuition
- Manifest your Heart's desires

To live a truly abundant life you must first discover this natural Happiness that lives within you as the essence of your Being. This principle underpins the entire retreat process. When you allow attention to rest in your natural essence an unforced confidence and trust arises. From this place of confidence and trust you will clearly see your way to living the life you have dreamed of living.

Of course, this is a rejuvenating holiday as well as a powerful workshop experience, so you will have plenty of time to digest the material Leo teaches. [Traditional Austrian restaurants, a health spa, and the Lipizzaner horses are all within easy reach.](#)

The retreat will be tax deductible as a business expense if you are self-employed and, given you will learn powerful methods to manifest abundance, [this weekend could pay for itself many times over!](#)
